PROFESSIONAL EXPERIENCE

Full stack developer
Wizzybox Pvt Ltd

February 2023 — Present

- Engineered an SEO tool that scraped keywords, analysed competitor website changes, and monitored SEO metrics for niche industries.
 - Developed a custom ERP system for an electronics retailer; reduced page load time by delegating long-running background tasks to worker threads, improving performance by 40%.
 - Migrated a legacy Angular-based biometric attendance system to React and refactored the monolith backend into a microservice architecture.
 - Built internal tooling including Chrome extensions, offline image background remover/resizer, and an automated social media posting bot.
