SUMMARY

Results-driven Full Stack Developer with 3 years of experience delivering high-impact projects in ReactJS and JavaScript, with a proven track record of improving performance and efficiency.

EXPERIENCE

Full stack developer — Wizzybox Pvt Ltd, Bangalore

February 2023 — Present

- Engineered an SEO tool that scraped keywords, analysed competitor website changes, and monitored SEO metrics for niche industries.
- Developed a custom ERP system for an electronics retailer; reduced page load time by delegating long-running background tasks to worker threads, improving performance by 40%.
- Migrated a legacy Angular-based biometric attendance system to React and refactored the monolith backend into a microservice architecture.
- Built internal tooling including Chrome extensions, offline image background re- mover/re sizer, and an automated social media posting bot.

PROJECTS

Inventory Tracker

February 2022 — February 2023

Build a smart inventory management system that not only tracks stock but predicts demand, prevents stockouts, and automates decisions using AI.
